

Recipe: **Acuña Family Guacamole**

Ingredients:

2 medium VERY RIPE avocados

2 TBSP finely chopped sweet onion

1 TBSP fresh lime juice

½ tsp. salt (or more to taste)

1 chopped and seeded small ripe tomato (about ¼ cup)*

3 TBSP of your favorite chunky salsa
(the most like fresh, the better - we use hot salsa)

Mash avocados and mix in all remaining ingredients. If not serving immediately, place in air-tight container or cover with tightly secured plastic wrap to prevent the avocados from browning. Refrigerate until ready to serve.

Serve with tortilla chips - ENJOY!

Yield: 1½ to 2 cups guacamole

* I have increased the chunky salsa in lieu of the tomato.
